Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Applicants submit herewith an Amendment and Response to the Office Action dated May 4, 2006 including additional amendments to the claims. Applicants appreciate the Examiners time taken for the telephonic interview conducted on June 13, 2006 between the Examiner and the undersigned. During the interview, it was agreed that Applicants would submit the present amendments to the claims, which amendments the Examiner was of the belief would place the claims in condition for allowance. It is Applicant's view that the present amendments to the claims more properly clarify the invention and as such, request that the Examiner review the application in light of these claim amendments.
